

Beyond R-VALUE

CONTINUING EDUCATION

JOIN US FOR

Flow-Through Assemblies and Wood Fiber Insulation with Joe Lstiburek

Our monthly Beyond R-Value Continuing Education webinars, taking place every third Thursday of the month, are a great opportunity to learn about us, our products or to dive deep into a specific topic with one of our presenters.

When: March 16, 2023 - 1 pm EST

Location: Virtual

More into at timberhp.com/events

We will be joined by Joe Lstiburek of Building Science Corporation who will present Flow-Through Assemblies and Wood Fiber Insulation for Residential and Light Commercial Construction.

Topics will include:

- Wood Fiber Insulation as a drop-in replacement
- Perfect walls and roofs
- Flow-through assemblies
- Approaches to interior vapor control
