

PELLET BOILER BOOT CAMP

A SINGLE-DAY TRAINING FOR ARCHITECTS, ENGINEERS,
FACILITY MANAGERS, BUILDERS, AND HEATING PROFESSIONALS.

Space is limited so sign up now at

<http://sustainableheating.org/bootcamp/>

- Early Bird (Now - March 20) \$149.00

- Last Minute (March 21 - April 3) \$249.00

Date: April 3, 2018

Time: 8:30 am - 4:30 pm

Location: Langevin Hall at

Vermont Technical College in Randolph, VT

Pellet Boiler Boot Camp is a single-day “deep dive” into the operating characteristics of modern pellet-fueled boilers, and how to seamlessly integrate them into complete heating systems in both retrofit and new construction applications. You’ll also get the tools to speak authoritatively to your customers about why pellet boilers matter to climate change, sustainable forests, and Vermont’s economy.
