

## **Disaster Assistance Building Evaluator Training Workshop**

Hosted by the MA Architects & Engineers Emergency Response Task Force 6.5 HSW CEUs | 6.5 PDHs |Credit has been approved for Building Officials

## Tuesday, November 27, 2018 – 8:00am to 4:30pm

Light Breakfast and Lunch Included The course will be held at the Boston Convention & Exhibition Center Cost for Participants : \$150 - Architects/Engineers, \$125 - Building Officials

This workshop certifies attendees as Building Evaluators in the nationally recognized Safety Assessment Program (SAP). Professional Architects, Engineers, and Building Inspectors will become certified to assist local governments and perform safety evaluations of the built environment in the aftermath of a natural disaster or catastrophe. It will teach participants to conduct rapid damage assessments of structures affected by earthquakes, as well as wind and water damage. Upon completion of this workshop, participants will be able to consistently and safely assess structures for habitability and will receive a nationally recognized Cal OES registration ID card from the state of CA.

ELIGIBLE PARTICIPANTS	LEARNING OBJECTIVES
All building industry professionals are welcome to attend. In addition, certain licensed practitioners will be eligible to perform post-disaster	At the end of this training, the participant will be able to:
assessments after successfully completing SAP training as certified Building Evaluators:	<ul> <li>Accurately conduct post-disaster rapid building assessments and complete appropriate damage assessment forms.</li> </ul>
<ul> <li>Licensed Architects</li> </ul>	<ul> <li>Demonstrate understanding of the Applied</li> </ul>
<ul> <li>Registered Civil, Structural, and</li> </ul>	Technology Council's ATC-20 Post- earthquake
Geotechnical Engineers	Safety Evaluation of Buildings and ATC 45
<ul> <li>Certified Building Inspectors</li> </ul>	Safety Evaluation of Buildings after Windstorms
